

# Assessment of Seaver College's General Education Program

## ASSESSMENT PROCESS

### Data Collection

Data is collected from samples of students' work in their General Education courses.

Send raw score to OIE or submit through LiveText

### Generation of Reports

The OIE will compile the data and run reports

OIE sends data reports to GELI

### Internal Review

GELI analyzes the data and writes report with recommendations

Report is sent to the programs

### Final Analysis

Data reports and recommendations will go to respective programs to be reported on in program reviews and in the annual review the following year
